

5th-7th December 2005, Berlin, Germany.

INWEB's general manager, Prof. J. Ganoulis, represented INWEB at a Roundtable on Transboundary Water Management organised jointly by the German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety and the World Bank and in close co-operation with GWP-Med and GEF (IW:Learn). The roundtable took place in Berlin from 5 to 7 December 2005 and focused on regional initiatives to promote transboundary water management cooperation, involvement of local communities and stakeholders and mobilising financial resources for action.
