

29th-31st March 2010, Ajman, United Arab Emirates

UNESCO Chair INWEB will be present at this 4<sup>th</sup> international conference, will focus on “Waterfront: New Trends in Urbanism & Architecture”.

The increasing urbanisation of many parts of the world coupled with other global issues such as environmental pollution, energy consumption, and resources shortage are resulting in major urban crises in many parts of the world.

This conference seeks to address problems, exchange expertise and offer sustainable solutions.
